

ALHAMBRA MEDICAL UNIVERSITY ALUMNI ASSOCIATION

Phone / Text: (626) 421 8436

Email: amuaa456@gmail.com

Website: www.amuaa.org

The Alhambra Medical University Alumni Association (AMUAA) is a professional community of acupuncturists and TCM practitioners from diverse backgrounds, united by a shared passion for Traditional Chinese Medicine.

We come together with a shared mission — to inherit the wisdom of TCM, promote the integration of acupuncture, herbal medicine, and modern medical science, and enable TCM to better serve society and benefit humanity.

We share clinical experience, research, and academic achievements, host Continuing Education (CEU) courses, and invite domestic and international experts for lectures and forums. We also engage in community service and free clinics, helping members enhance their clinical and professional growth, supported by a team specializing in insurance and compliance.

Whether you are an experienced practitioner, a newly licensed acupuncturist, or a student just beginning your TCM journey, the AMU Alumni Association is your strongest support and warmest home.

Here, you will find opportunities to learn, platforms to grow, spaces to exchange ideas, and colleagues who share your passion and vision.

We warmly invite you to join the Alhambra Medical University Alumni Association — let us walk this path together, honoring the medical tradition, refining our healing skills, and advancing TCM toward a higher and broader future!
